THANKSGIVING BASKETS TO BE GIVEN TO NEEDY

Beyond the church observances, the whole community gesture at Thanksgiving will be the distribution of baskets of food stuffs to those in need by the Church of the Good Shepherd, as far as has been learned to date.

While this distribution will be made generally within the parish field, the basket contents will be assembled through public contribution. Contributions may be made to Rev. Leon E. Cartmell, the rector, or to any of the Sunday School faculty.

The baskets will be delivered by the Sunday School immediately following the special Holy Communion service Thanksgiving morning.

NEXT CARD PARTY AT THE NEW CONTINENTAL

There will be no card party this week, due to the fact that the ladies of the Methodist Church are holding a five and ten cent sale tonight Friday, November 18, at the Church.

These card parties have been held nearly every week to raise money for the Library Fund, and only when they conflict with other activities are they postponed.

The next party will be held at the New Continental on Friday, November 25, which is one week from today. Rudolf Lullbach, the genial host of the New Continental, has very generously given the use of the hotel to the ladies for that evening, and when Mr. Lullbach says everything will be in readiness for the party, he don't mean maybe. The surroundings of the New Continental are ideal, and it is hoped that all the "regulars" as well as some newcomers will be on hand. A free bus service will leave the post office at 8 o'clock on that night, so no one can have an excuse for not attending.

THANKSGIVING ASSEMBLY; SCHOOL CLOSURES WEDNESDAY

Resolving inter-class activities at the Village school into large assemblies each Friday in the school auditorium, Principal Harry V. Harp has developed them into events of educational entertainment.

This Friday's assembly, the last before the Thanksgiving holidays, was to be devoted to Thanksgiving and partly to Armistice Day. Recitations, songs, comprised the program.

School will close after the afternoon session this Wednesday, November 23. Classes will be resumed Monday morning, November 28.

ATTENDANCE 98%

The official attendance report issued from the Village school by Principal Harry V. Harp, sets the school attendance for October at a little over 98 per cent.

COMMUNITY TEA WILL OPEN LIBRARY ON DECEMBER 3; PAID LIBRARIAN ENGAGED

Miss Parker Succeeds Mrs. Bekker— Library on Four-Day Schedule

The Village free public library in the old school house will be opened Saturday, December 3, with a tea for all villagers, summer residents, and those of neighboring communities. On Monday, December 5, the library will be opened for the withdrawal of books, with a paid librarian in charge.

It will be open thereafter on Mondays, Wednesdays, and Fridays, from 3 o'clock in the afternoon to 9 o'clock at night. And on Saturdays from 10 o'clock in the morning until 1 o'clock in the afternoon.

The opening tea, at which the library's sponsor, the Greenwood Lake District Taxpayers' Association will be the host, will be from 3 to 6 o'clock. The Association invites all residing in the Lake district, and extends an especially cordial invitation to all who have contributed to the library.

Announcing the opening dates and the engagement of Mrs. Margaret Gonzales as the librarian, Miss Grace Parker, chairman of the Taxpayers' Association, assembled the committee last week Saturday at the home of Mrs. William E. Utter.

It was decided that Miss Parker herself should take over the chairmanship of the committee, from which Mrs. Max M. Bekker resigned earlier in the week.

Under Miss Parker's direction final work on the room in the old school house is progressing rapidly. The furniture and shelves are in place, the redecoration of the interior walls is complete. Outside, the cellar door is practically new; over the library entrance is being built a small portico.

The committee is finishing up the curtains for the room. The furnace plant is in readiness. And a hundred minor details are being finished off.

The engagement of a paid librarian was deemed not only a wise move, thus eliminating the difficulties of setting up a volunteer staff, but the library was found in a position where it can well afford it.

So great have been the success of the weekly card parties given by the library committee under the direction of the vice-chairman, Mrs. Harry Foy, that the library funds are at an imposing figure.

GLAD TIDINGS

Mrs. William E. Haast on Wednesday, November 9, presented her husband with an eight and one-half pound boy at the Warwick Hospital. Mrs. Haast is the daughter of Mr. and Mrs. Fred Nocker, of Elmhurst, L. I. and Storms Center, Greenwood Lake, and she and her husband are more affectionately known as "Sis and Bill."

LIBRARY FUND

The card party held last Friday night at the Greenwood house was most successful, \$21.85 being added to the Library Fund. Mrs. Foy was in charge of the affair, assisted by Miss Jo Greck. Mr. Christ, of the Greenwood House, very graciously donated not only the place in which to hold the party, but all of the refreshments, consisting of sandwiches and coffee. The Greenwood House will shortly close for this season.

Miss Parker has taken over the chairmanship of the Library, in place of Mrs. Max M. Bekker, resigned. Mrs. Foy is still the vice-chairman, in charge of the card parties.

Miss Jo Greck was recently in receipt of a letter from Miss Klingebell, and the letter is so full of words of commendation that the News-Letter prints it in full. It follows:

My dear Miss Greck:

I am sending a few handkerchiefs, to be used as prizes at some of the card parties. You can use your own judgment, and use them whenever and how you wish, so long as they are used for one of the parties for the Library Fund.

I think these get-together card parties are just the thing, as they surely must bring the people closer together and establish an all-around friendly feeling. I have often wondered why some of the all year round residents did not start something like that the one winter I stayed at the Lake, and I sure am sorry when I read in the News-Letter what a wonderful time they are having and I can't be with them, as cards are one of my many weaknesses, but I may breeze in some Saturday night.

Wishing you great success, I am

Yours truly

Henriette Klingebell.

(Note: The handkerchiefs referred to are all hand made and are exquisitely done. Miss Greck wishes to convey to Miss Klingebell the thanks of the committee for her helpfulness.)

GAVE BEAR DINNER

Dr. Albert Kolar and Miss Dorothy Geis played host and hostess last Saturday evening to a number of friends at a bear dinner served at the Kolar cottage on the East Arm. The bear was alleged to have been shot by one of the guests, "Eddie" Forbes, and everyone stuck to the story, but the impression gained force that the bear meat came from Washington Market, New York. However that may be, the dinner was enjoyed by all present, and the hostess did herself proud in its preparation. Those present beside Dr. Kolar and Miss Geis were Mrs. Shipman, Edward Forbes, Albert Worth, George Horn, of Greenwood Lake Terrace; Robert Kayton, of New York, and Henry Stockfish, of Pittsburg, Pa. Later in the evening other guests arrived and the balance of the evening was spent in singing and dancing.

ANOTHER ANNIVERSARY

With this issue of the News-Letter begins Vol. 3, No. 1. It marks the first step of another year in its history. The News-Letter rededicates its columns to the "best interests of Greenwood Lake" and all that that implies. The News-Letter has tried faithfully to carry out this policy and believes in the main it has succeeded. If it has failed in any measure it was not wilful. The News-Letter cannot please every one all the time, but it does please most people most of the time. There is not a worthy movement for the betterment of Greenwood Lake that it will not support; but it will not be a party to the interests of the selfish, no matter what might be proposed. It bespeaks the good wishes of its readers and its advertisers, for without this good will the News-Letter would fail in its aims. To every one, it wishes a full measure of prosperity and happiness, and to our beautiful Greenwood Lake, may it ever increase in its charm as a place of residence or recreation.

COMMUNION AND SERVICE FOR THANKSGIVING DAY

Thanksgiving, as the harvest festival for which it was originated by the Puritans, will be observed at the Church of the Good Shepherd with a special Holy Communion and a special evening service and prayer.

The choir will sing hymns appropriate to the day at the evening scervice and Rev. Leon E. Cartmell, rector, will give a short sermon. The evening service is at 7:30 o'clock. Holy Communion will be at 8:30 o'clock in the morning.

KAISER SAYS ZONING LACKS INTEREST

Greenwood Lake NEWS-LETTER.

GEORGE W. GREEN, Editor.

DEAR SIR:

While the question of zoning is of vital importance for the future development of the Village of Greenwood Lake, there seems to be a lack of interest on the part of some of the year round inhabitants. The question of zoning is only to be considered by the property owners whether they are all year residents or not. The property owners today have a hard struggle paying their taxes and are very reluctant to be burdened with any increased taxes due to zoning.

I am not prepared to say at this time whether or not zoning can be brought about without any cost to the Village, but I am prepared to say that a good many property owners are not fully acquainted with the benefits obtained from zoning. At present, places of business are scattered throughout the Village. All well and good for the present existing places of business, but if the Village were zoned it would restrict places of business to a particular zone. Why should we live in fear that undesirable buildings, stores, hot dog stands or garages may be opened too close to our homes? Zoning not only protects business but protects the home owner as well. Some property owners are under a misapprehension as to zoning, as they fear that some restriction will be placed as to the cost or kind of a home that shall be erected, but this is not so. It will, however, if your home is in a residential zone, restrict you from turning it into a dance hall or from opening up a hot dog stand in your front yard and will also restrict the building of places of business in the residential zone. Many towns and villages that are zoned are today thankful that they have a zoning ordinance. For instance the town of Glen Ridge, New Jersey. Recently a property owner on one of the main streets in a residential zone attempted to sell her property to a company that wanted to build a public garage. The Zoning Commission refused to grant permission as consideration had to be shown the adjacent property owners and by allowing such a thing would have destroyed property values and the garage would be an eyesore to that particular section.

So, why delay on the question of zoning? Advanced zoning along modern lines would prevent the promiscuous intermingling of residences and places of business similar to that which has doomed other well intentioned residential communities ruined by the encroaching of business. The new Monroe

road, together with the East Shore road which is now under way, will bring considerable traffic through our Village. Gasoline stations and unsightly hot dog stands will spring up all through our Village. Certainly we have enough people who take pride in our Village who would lend a helping hand in order that the preliminary work attached to zoning could be accomplished without any or little cost to the Village. Help make our Village a decent place in which to live! Protect our homes and present places of business!

R. M. KAISER.

LOOK WHAT GRANDPA COULD 'CONVENIENTLY' EAT

Deep in dusty corners about the Lake now and again come to light pages from the past. Reading them—some of them—along with an eye to what modern advertising says is wrong with the modern man's insides is apt to leave you impaled some where.

Yet maybe what is wrong with the country these days is that its citizens don't eat enough. For here is an extract from an old cook book. It—this "Humble Feast"—was set down by the pen of one Gervaise Markham, whose identity escapes us.

Putting this "Humble Feast" by the side of the average Thanksgiving Day table next week, the Lord only knows how Americans of a century ago wound up on that harvest festival. However, here it is:

The Humble Feast

"Now for the humble feast, or an ordinary proportion which any good man may keep in his family, for the entertainment of his true and worthy friends, it must hold limitation with his provision and the season of the year; for *Summer* affords what *Winter* wants, and *Winter* is Master of that which *Summer* can but with difficulty have. It is good then for him that intends to *Feast* to set down the full number of his full dish-

STERLING FOREST

News and Notes of Interest About People Living There

Alex McCloud landed a thirty-inch eighteen-pound cat fish the other day—and the place was Greenwood Lake, too! Many can testify to having seen this unusual catch, as Alex had him for an excursion in a large tub for a number of days.

Many summer residents of the Sterling Forest section journeyed to the election booth at Greenwood Lake on Election Day to exercise their privilege of voting—of course the all year-round residents did not have so far to go.

The Rush family motored out on Election Day, but for the purpose of taking care of the leaves on their place. No doubt many others will be doing the same soon.

Mrs. H. Motz, formerly of Greenwood Lake and a past owner of the Linden House at the same place, is now in charge of the Morningside Country Club, where she is prepared to welcome those desirous of participating in all the winter sports which the Lake and surrounding territory is so capable of rendering under favorable conditions.

Last week Thursday afternoon Bible study was held at the home of Mrs. Raymond R. Muller. And now this week's study will be at the home of Mrs. Lannine Cyphers and the subject taken up will be on the "Jew," their past with its dispensation of "Law," their present with its dispensation of "Grace" and their future period with its fulfilment of the Kingdom of the "Son of God." Many added numbers come and study with us God's word, for He tells us "Let the word of Christ dwell in you richly in all wisdom."

ERNEST WANTS HELP

Ernest sat in Schupp's Garage, and he was full of glum
Because the holidays were coming and he had no place to run.
His thoughts turned to Goshen, that fair and lovely place
Where warmth was had, and food enough to feed his face.

UNION VALLEY ROAD DONE; FINAL INSPECTION MADE

Final inspection of the new Union Valley road between Greenwood Lake and West Milford Village will be made this Saturday, November 19, by the Township Committee. The road will be completed and officially opened for traffic in about a week.

While the time contract has been broken by the township, when it changed the course opposite F. C. Stumpf's place, and ordered a retaining wall built at William Hinkel's property, the road will be finished but a few days after the 80-day limit originally set.

THANKSGIVING MUSIC IN HOLIDAY SERVICE

BARN DANCE THIS SATURDAY BY THE LADIES' AUXILIARY

Once a year—anyway—the Jersey end of the Lake is all pepped up—when the date rolls around for the Ladies' Auxiliary's first fall dance, a dance to which you always go in costume.

The dance is this Saturday, November 19, at the Firemen's Hall—the hall of the Greenwood Forest Volunteer Fire Company to which the Ladies' Auxiliary is the auxiliary.

It's an old fashioned barn dance—overalls, sunbonnets, cowhide boots, and the like. There will be a prize waltz. There will be refreshments. And there'll be a crack dance orchestra.

Mrs. Charles Broisma is chairman of the committee.
