## FREE BUS TO CARD PARTY AT CONTINENTAL TONIGHT

### Turkey Extra Prize at Tonight's Event For Library

Elaborating on the already marked success of its series of card parties for the benefit of the free public library, Mrs. Harry Foy, chairman of the committee announces free bus service to and from the New Continental, where this week's party takes place tonight.

The bus will leave the Post Office at 8:15 o'clock tonight. When the card games are over, the prizes awarded and the refreshments enjoyed and everyone has had a grand time, the bus will transport them all back to the Village center.

William E. Utter has contributed his services and his bus for the purpose.

At the conclusion of the card games a hefty, fat, Thanksgiving turkey will go to some lucky winner.

The turkey is an added attraction. The usual prizes will be awarded holders of high scores. Tickets may be obtained at 25 cents from Mrs. Foy, any member of her committee or at the New Continental tonight.

Rudolph Lullbach, the popular proprietor of the New Continental, has everything in readiness for those who will attend the card party tonight. The hotel is steam heated, the rooms are spacious and there will be no discomfort for the players.

## NEW VILLAGE ORDINANCES

At a meeting of the Village Trustees held at the office of Mayor John C. Minurn, Sr., on September 19, 1932, there was adopted a building code and fire prevention ordinances.

The building code lays down the law in twenty-four sections, which governs the erection of new buildings and alterations on old ones. There are four sections which takes care of providing for the inspection of premises by the Fire Department to safeguard the public and property against fire.

An ordinance regulating the burning of refuse consists of four sections, and an ordinance prohibiting the discharge or firing of fireworks and other pyrotechnic displays requires five sections.

Six sections are required to govern the storage of explosives, and seven sections govern the regulating and storage and sale of volatiles, which of course covers garages.

These new ordinances are so extensive that space does not permit of their publication in the News-Letter, but copies of the new ordinances may be obtained from the office of the Mayor.

## 5 & 10 SOCIAL SUCCESS; MOOK A CLUE; GOLLY IDEAL

An immense success crowned the 5 & 10 cent social given last Friday night in the Fire House for the benefit of the Methodist Episcopal Church. Into the treasury of the church has been poured \$32.25 as a result.

But that was not the half of it. Accounts of the party say:

"Nearly 90 folks, young and old, attended this novel 5 & 10 cent social. It was an entirely new and different affair than had ever been attempted before at the Lake and met with great approval by all. The pastor, Rev. Robert Mook, opened the evening with a short address, wishing everyone a happy time.

"Under the direction of Mrs. Max M. Bekker and the committee, comprising Mrs. T. Garrison, Mrs. Frank Vance, Mrs. Sidney Kellogg, Mrs. G. Skinner and Miss Gwendolyn Larham, amusements of various sorts were staged, and a cafeteria of delicious foods was maintained throughout the evening. Louis Golly was a splendid manager of the many games.

The two treasure hunts, with a fancy pound basket of fine chocolates as a reward in each, were participated in by an eager group of hunters who wildly followed from one clue to another until the treasure was found. One of the mysterious slips given out, read:

"There was a young man named Duke,  
Who had a girl called Snook;  
He asked her to marry  
No longer to tarry,  
So they went to the Rev. ———."

"This brought the wise ones in a wild shuffle to the Rev. Mook, who was overwhelmed with demands for the next lead. Another of the oriental signs read: 'Are you my ideal'; with Mr. Golly evidently the 'ideal' as he had the pass word.

"The Van Ortens, Mr. and Mrs., of Keith Circuit fame, entertained with a comedy skit, closed by Mrs. Van Orten with two well-rendered songs, with the audience joining in the chorus. The ever-popular Tom Long brought rounds of laughter and applause. Harry Sudman furnished the music."

Prizes for the amusing games were awarded as follows: Treasure hunt, Fred Christman and Frank Smith; peanut race, Frank Vance; potato race, Harry Sudman; needle race, Miss Doris Brown; Jerusalem, William E. Utter, with Mrs. Frank Miller second; balloon race, Mr. Utter; door prizes, Miss Anna Kamarovsky, Mrs. Louise Storms, Raymond Skinner, and food prize, Ray Garrison.

## NOW PULL THE TRIGGER.

Madge: "How are you getting along with your automobile lessons?"

May: "Wonderfully! Today I learned how to aim the thing."

## KRIS KRINGLE GETS CALL, SCHOOL CHILDREN'S XMAS TO HAVE GIFTS AND ALL

### Teachers, Mrs. Foy and Miss Greck Join Hands to Raise Fund—Benefit Card Party Dec. 9

From the marveling fancies of the littliest youngsters in the first grade to the cherished hopes of the older children, the high expectancies of the pre-Christmas weeks are spreading through the Village school—and plans are afoot.

Old Kris Kringle will come around again this year at a special school visit, to be arranged and made possible by the Village residents.

The fund which will make possible his visit is to be raised through the efforts of the school principal, Harry V. Harp, assisted by the two teachers, Miss Margaret Rechner and Miss Elizabeth Larkin, and Mrs. Harry Foy and Miss Josephine Greck.

It will be initiated in a card party to be given Friday night, December 9, at the Maplewood—a subscription for the benefit of the school children.

Contributions are to be encouraged through a letter to be circulated. The children will help in selling tickets to the card party.

"For the past two years," said Mr. Harp, announcing the plans, "the hearts of the children of our district have been gladdened at Christmas time with a present. We are endeavoring again this year to raise money for the purchase of presents for the children to help make their Christmas a bright one. Won't you all help by donating money or give a prize for the card party?"

## THANKSGIVING ASSEMBLY

Richard Cordes gave an address on "The History of Thanksgiving Day" in the school assembly last week Friday, the entire program being devoted to this week's holiday.

Emerson's "Thanksgiving Prayer" was recited by Evelyn Thaden. Frances McCloud read Whittier's poem, "The Corn Song." The combined classes sang several selections, closing the program.

### THE NEW ORDINANCES

What seems to be a most comprehensive set of ordinances governing the erection of new buildings and alterations to old structures has recently been adopted by the Village Trustees. That they will benefit the Village goes without saying, and will somewhat take the place of the proposed zoning of the Village. They cannot help but be of benefit to all the property owners of the Lake—if they are impartially and truly enforced. Laws are said to be made to be broken—if you can. The teeth of a law is in its enforcement. Now that we have these ordinances on the books let us see that they are enforced impartially and with justness to all. The other ordinances adopted are equally good and every resident of Greenwood Lake should make an honest endeavor to uphold the hands of the Trustees in these new ordinances.

Tardy Plumber: "Well, here I am; and how's things?"

Optimistic Householder (three feet deep in water): "Oh, not so bad. While I've been waiting for you I've taught the wife to swim."

Many a fellow who is a big bug in business is just an insect at home.

### WHO'S WRONG?

The issue of the News-Letter of October 20, 1932, went astray, as far as the papers for the village were concerned—not reaching the post office until the 6:30 p. m. mail on Saturday, whereas they should reach all subscribers on Friday mornings. The subject of the delay was taken up with the post office of entry under date of October 24, and after investigation the following letter was received in way of explanation:

UNITED STATES POST OFFICE  
Office of the Superintendent of Mails

November 16, 1932.

Greenwood Lake NEWS-LETTER.

GEORGE W. GREEN, Editor,

My dear Sir:

This is in reply to your letter of October 24, in re: Greenwood Lake News-Letter.

Investigation has been conducted of the alleged delay to package containing copies of your publication intended for distribution at Greenwood Lake, N. Y., stated to have been mailed at Station C, this office, October 20, and not to have arrived at destination until October 22, for the 6:30 P.M. distribution, but it is regretted that no information can be ascertained which would explain the delay complained of. The bundle of Greenwood Lake News-Letter, addressed to Greenwood Lake, N. Y., was dispatched via pouch labeled NY & Sala. train 41, at 2:30 A.M., October 21. The Railway Mail Service authorities report that all mails for Greenwood Lake were dispatched at Tuxedo Park to go forward via star route trip due Greenwood Lake, about 8:30 A.M. and no irregularities noted to account for any delay.

All concerned, however, have been instructed to furnish pouch or sack labels if any delays are discovered, so that disciplinary action can be taken against employee at fault and with the further purpose of obviating any cause for complaint in future.

Respectfully,

ALBERT FIRMIN,  
Postmaster.

### REAL ESTATE NOTE

He was a famous poet, but he was so short of money that he couldn't pay his bills. His landlord grew impatient and told him: "I want my rent, and I want it today. If I don't get it, tomorrow when the sight-seeing bus passes this house the lecturer will point this way and say this is the place where you used to live."

## ANNOUNCEMENT

Greenwood Lake we believe has long felt the need of an established Agency that will be open the entire year to look after the interests of property owners at the lake and surrounding districts. The Greenwood Lake Agency is established on a sound financial basis and is a thoroughly responsible organization. Its location is central and convenient on the West Shore road at Lakeside.

The purpose of the organization is to interest prospective tenants and purchasers in Greenwood Lake properties. This will be done through advertising and soliciting in cities and towns within a radius of 50 miles from the Lake.

Willard W. Fales is the resident manager of the Agency which is legally licensed to do business in both New York and New Jersey. In addition to leasing and sales we wish to call your attention to our management service, including: cutting ice around docks during the winter, regular inspection of property, arranging for necessary repairs, etc.

List your property with us now! Many sales and leases are negotiated during the winter months. Write to us in regard to our management service. I will relieve you of worry and very probably save you money.

Very truly yours,

## AUXILIARY WALTZ WON BY MRS. KIDD AND BENNINGER

Favorite of Jersey's end of Greenwood Lake; "Let Me Call You Sweetheart"—no party down there is complete without it at least twice—drifted out from the orchestra playing at the dance Saturday night in Firemen's Hall—the dance given by the Ladies' Auxiliary of Greenwood Forest Fire Company, No. 1.

It was the waltz for the prize. And out of more than 100 dancers Mrs. David Kidd, dancing with Leo Benninger, of Paterson, was considered by the judges to be the best. She and Mr. Benninger shared the prize, two \$2.50 gold pieces.

The Auxiliary's first dance of the season was, in addition to this feature, one of great success. About 150 persons were present, despite bad weather. There were refreshments.

Mrs. Charles Broisma was chairman of the committee, which included the entire Auxiliary membership.

Limpy—"I've driven this car for seven years and never had a wreck."
